ORRISH ERA

ABOUT US

In the race to modernise, we have forgotten our heritage, a rich legacy of herbs, spices, oils and fragrances. Orrish Era is a culmination of two women's determination to take you a step closer to nature. To rewind the time a bit. To let you experience purity the way our ancestors did!

The idea to start Orrish Era germinated during a morning walk.

A love for natural products and an urge to carve an independent identity led M.Sakshi and A.Anuja to establish Orrish Era. Named after Lord Krishna, Orrish Era is a product of love, passion, hard work and unflinching devotion to authenticity.

We have started with skincare essentials which includes Goatmilk soaps, glycerin soaps, bath-salts, bath fizzers but have gradually built an extensive range of products. We have added Hand Gel Sanitizer, Hibiscus Hair Oil, Face Serums, Essential Oil Blends to our range of natural skincare products.

All our products are made using traditional processes and natural ingredients. At Orrish Era, we source the ingredients from local producers, providing a source of sustenance to them.

“ Pamper Yourself
Naturally
with Our Finest
HANDMADE SOAPS ”

CLAY SOAPS

Clays do not contain any preservatives, nothing extra added, stands up to the "all natural" creed. It draws out impurities, leaves skin silky & smooth underneath. Clays live up to their reputation for deep cleaning.

Goat milk soap is a gentle cleanser rich in fatty acids that helps to support a healthy skin barrier to keep skin nourished and moisturized. Moreover, its high lactic acid content helps in exfoliating the skin, which benefits those with acne.

Henceforth, the combination of Goat Milk with clay proves healthier for the skin and its suitable for all skin types.

ESSENTIAL OIL SOAPS

ESSENTIAL OIL SOAPS

One way we boost the therapeutic properties of our soap bars is by adding essential oils. Essential oils are concentrated liquids that contain aroma compounds from plants. Essential oils are plant extracts made from flowers, leaves and seeds. The essential oils used in our goat milk soaps are chosen and added for their specific aroma therapeutic properties.

Benefits of Essential Oils:

- even out skin tone
- clear your complexion
- reduce inflammation
- promote skin cell turnover
- protect your skin from environmental damage

LAVENDER

(LAVANDULA
ANGUSTIFOLIA)

KIDS COLLECTION

KIDS
COLLECTION

These soaps are made by two Mothers.....All parents worry about their kids. Are they healthy? Using right products? and the list goes on and on.....From learning how to smile to taking their first steps, our babies grow on a daily basis, and the first three years of life are the most critical for development. During this vulnerable time, it is important to limit babies exposure to chemicals linked to adverse health effects so that every baby has the chance to develop into a healthy adult. Babies, just like grown-ups, are exposed to many toxic chemicals via personal care products throughout the day including soaps, oils, shampoos etc. Many of these products are easily absorbed through the skin into the blood stream, and babies are at least ten times more vulnerable to the chemicals in these products than adults. Our kids collection are 100% chemical free and absolutely safe.

VITAMIN E (ALPHA- TOCOPHEROL)

Treats hyperpigmentation
Anti ageing and anti wrinkles
Cures acne and scars
Great skin moisturiser
Good for sensitive skin

HIBISCUS ORGANIC HAIR OIL

Healthy hair requires a healthy and clean scalp in order to grow well. Hence, it is important to oil your hair regularly before every wash.

We are introducing our HIBISCUS ORGANIC HAIR OIL which is soaked in the blend of Hibiscus, Curry leaves, Amla, Aloevera & Fenugreek and many more ingredients with Coconut oil.

Benefits :

Hibiscus flower: It is immensely nourishing & known to stimulate the growth of hair, prevent hairfall & premature graying.

Curry leaves: It is a rich source of beta carotene and proteins which reduces hair loss. It removes dead hair follicles resulting in reducing dandruff.

Amla: It acts as a super-food for hair. It has an ability to penetrate the scalp, preventing breakage and hair-loss and works as an anti-oxidant.

Aloevera: It works as a natural conditioner and cool the scalp. It includes Vitamin B2, B6, B12, B & Vitamin C. The B vitamins aid in reducing hair thinning.

Fenugreek seeds: It has detangling properties that helps combat frizz and promote shiny & soft hair. It fights dandruff, dryness of hair and hair thinning.

Wt. 200ml./6.76 fl.oz

M.R.P.: 399/- Inclusive of all taxes

ADVANCED GEL BASED HAND SANITIZER

Hand sanitizer is a pretty solid backup plan and indeed a good way to disinfect when you don't have access to soap and water. Alcohol based sanitizer with 70 percent of Alcohol or higher are best at killing many types of germs. If your bottle contain any less than that, it may reduce the growth of germs but not kill them.

ADVANCED GEL BASED HAND SANITIZER has lemon extract for extra refreshing element. It has Neem & Aloevera which makes this formulation antibacterial, antiviral and antifungal. It will leave your hands with a cool sensation and a mild lemon fragrance. Alcohol can be very drying to the skin, so added Aloevera to limit skin dryness and irritation. It kills more than 99.9% of most common germs and bacteria that may cause illness.

Wt. 500ml.
